This defeat, however, did not lessen the Brookyns' lead over the Philadelphias, as the latter lavers went down before the Pittsburgs, who advanced one otch in the race. This came about owing to the defeat sustained by the Bostons at Cincin atl, the Hub representatives failing to send a man across the rubber. Stillman, a Freshman, Pitches Like a Veteran and Has New Haven Men at His Mercy Quimby's Fielding a Feature-Victors Overwhelmed With Congratulations.

In about as fine a game of ba eball as has been seen on an amatour field this year Harvard captured the deciding contest of the series fr m Yale on the Polo Grounds yesterday afternoon. The sharpness of the play may be best appreciated by the fact that eighteen men were left on bases and that there were occasions when a single hit would have changed the entire aspect of affairs. Harvard finally rulled the game out through superior pitching of young Alfred Stillman, a freshman. With one exception he kept Yale's six hits so scatt red that they did it tie or no damage. The exception was in the fifth inning, when a base on balls, a single, a field r's choice and Cook's rip ing single to right gave Yale her two runs and saved her from a second shut-out such as the Crimson administered at New Haven on Tuesday last. Next to Stillman Capt. Bill Reid deserves the greatest praise. Although hand capped by a

broken muscle in his leg and suffering intense pain, the plucky Californian stuck to his task with the good nat re of a kid eating bonbons, and was the same teady leader he has been all the season. He is the man to whom all the success of the team is due and the boys know it. Loughlin rlayed a magnificent game in left field for Harvard. It was the little fellow's c ance to redeem himself for his infraction of dis ipline and he accepted it with a vengeance. Twice he was called on with men on bases to make a necessary hit and each time he was there. Once he sent a beauty sailing between Sullivan and Barnwell to the clubhouse that would have been a home run had not Kendall and Reid seized him and forced him back to the base. In two instances the Yale "rooters" jumped to their fet with a tremendous roar, the first time when Sullivan and the other when Capt. Camp straightened out one of Stillman's benders and sent it like a cannon shot well out to the fence. But they were compelled to sink again to their seats, for little Loughiln fastened his tentacles to the under side of the sphere and dragged it

NEWS OF THE WREELMEN. Jimmy Michael Rides a Fast Twenty-Mile Race at Manhattan Beach.

Greatly to the joy of between 3,000 and 4,000 persons and much to the surprise of many, Jimmy Michael, the diminutive bleycle pacefollowing wonder, reappeared on the Man-hattan Beach track yesterday afternoon, after an absence of two years, and rode better than ever he did before. He easily defeated the two men matched against him to divide the work of twenty miles between them, while he rode the whole distance. In doing this he went against a stiff wind, yet broke the record on that course and rode within 1 minute and 23 seconds of the new world's record made on a board track by McEachren a week before. When it is considered that in the two years during Michael's absence the records have been mightily pushed forward, the worth of the little Welshman's present form is better appreciated. Boston, June 30.—Johnny Nelson of Chicago defeated Burns Pierce he victor of Jimmy highers, and Albert Champion of France at Charles River Park to-day in a brui ing twenty-mile motor paced race. A package of carpet tacks thrown on the track contributed to the excitoment. When the race was half over and Nelson had all pon his two competitors he punctur dhis front tire, necessitating a change of wheels and causing him to lose the lead. It was a race full of exciteme t and clearly demonstrated that Nelson is a rider of first quality. The contest was started in a heavy wind which hindered the men from catching their pace quick! Champion jockeyed Nel on off and caught his pace first. On the first mile the Frenchman gained at adoi ten yards. In the next mile Nelson and Pierce took the lead amid cheers. On the third mile Champion with to the bad and a lap later Pierce gav way. Nelson sained steadily up to nine miles until he was a lap in the lead. At ten noiles Nelson had one lap and twenty yards to the good when his tire went up and Champion and Pierce evened things up while he was changing wheels. Here the race was full of excitement. Pierce and Champion alternated in the lead for three laps while Nelson rode unpaced. Then Nelson's motor picked him up and at the thirteenth mile the Chicago flyer led once more by forty yards with Pierce and Champion doggedly fighting for s cond place. Nelson kept riding away from his opponents until at the finish he had almost a lap on Pierce. Pierce finished second by 300 yards. Nelson's time was 37 minutes and 9 seconds. Pierce and Connell. Haverford College Cricketers Arrive in Eng-The Haverford College cricket team arrived

at Liverpool yesterday, after a voyage of fourteen days, on the steamship Pennland. A cable received in this o.ty reports "ail well." The collegians, however, were much di appointed at the length of the voyage, which deprives them of any practice before they begin their first game. Tals they will play to-morrow at Malvern against Malvern College. The Haverfordians are a sturdy lot. In fact, they are a team of young giants, and are likely to make decided impression everywhere they go. Their height is remarkable. W. S. Hinchman, the captain, is 6 feet 2 inches; W. W. Will Match Gans Against Any 133-Pound

Al Herford, manager of Joe Gans, is in this city for the purpose of arranging a match for his protege with Frank Erne or any other lightweight. Herford said to a reporter of THE

"Gans stands ready to meet Erne at 133 pounds. I have had a forfeit of \$1,000 up for several week, but not one of the men in Joe's class, especially Erne, has seen fit to cover the money. Gans was matched to box George McFadden at the Broadway A. C. on July 29, but for some reason, not as yet explained, MicFadden has canceled the eng gement and has taken on Jack O'Brien. If Gans is unsuccessful in inducing the 133-pounders to fight him he will take on any one at 135 pounds. Matty Matthews or Eddie Connolly preferred, if they can get to that weight."

known that Fitz had put up some money Billy Madden, Ruhin's manager, was sent for. He said that he would let Jeffrie have one week in which to post his money and arrange to fight his man.

"Ruhin is not afraid of any fighter living." said Madden. "We are anxious to do business and not to talk. I will give Jeffries all the leeway that he deserves, but in just etc the other pugilists who are after Ru lin he ought to get a move on. If Jeffries fails to come to time at the expiration of one week Ru lin will meet Fitzshim as I will do this to show the public that Ruhin is sincere in his disire to face Jeffries. I doubt, though, whether is the means all he says in this respect."
